

COVID-19 – HILL VIEW B&B SAFETY PROCEDURES

Thank you for visiting our website. We do really appreciate your interest in our property. Currently we are closed and will remain closed until mid-August at least.

When you investigate availability it will appear that we are fully booked, but please telephone or e-mail to check availability and make a booking. By keeping the on-line booking closed we are able to ensure a suitable period of time between each room booking.

Contact: 01566 782158 or hill.viewbandb@aol.co.uk

We have carried out our risk assessments for re-opening in a safe and secure manner. Once we re-open the following measures will be put in place:

We will leave 72 hrs between each room booking.

Rooms will be deep cleaned with products meeting EN 14476 standards which is proven to kill Coronavirus.

If all rooms are booked, breakfasts for Pencarrow will be served in the room. Breakfasts for Trispen and Bowithick will be served in the large dining room ensuring at least 2 metres social distancing. We will also endeavour to stagger breakfast mealtimes to add a further level of safety.

There will be no buffet and all food will be served to the table.

All superfluous furnishings and reading materials have been removed from the rooms.

There will be no daily room refresh.

All communal areas will be cleaned regularly.

Once we do re-open we hope you will agree that Hill View B&B will be a safe, secure and enjoyable place to stay.

Kind Regards

Patricia and Tony Mills
